

Dunbarton Public Library

Bulletin Board Policy

(Due to the new construction, the area was removed. This policy was decommissioned 7/10/23 by the BOT.)

The Dunbarton Public Library offers a space for community flyers, notices and posters in the lobby of the library. To make efficient use of the small space available, the library has established the following criteria for posting materials:

1. Posters and flyers should always be brought first to the Director before posting. The Director will maintain the Bulletin Board and modify its contents for timeliness and appropriate message.
2. Acceptable flyers, notices and posters include those concerning educational and cultural activities, events and services available in the local Dunbarton area. The sponsoring agency should be identified on the poster.
3. Unacceptable flyers, notices and posters include those which advocate the election or defeat of a particular candidate, or which advocate an affirmative or negative vote on a particular issue.
4. Also unacceptable are posters promoting a particular political, religious or social point of view (except if they are limited to informing a public meeting or service) and advertisements for the sale of products or services.
5. No petitions will be allowed.
